

## BAUMA 2010

KTI-Plersch will be participating at the BAUMA Exhibition in Munich exhibiting two Turnkey Concrete Cooling Systems;

### Containerized System A:

- Combined Cold Water & Flake Ice Plant (CCWP 150m<sup>3</sup> & FLIP 40t/d)
- Mobile Ice Storage (MIS 23t)
- Containerized Cold Water Tank (CCWT 58m<sup>3</sup>)

### Containerized System B:

- Ice Water Plant with integrated Cold Water Tank (CIWP 96m<sup>3</sup> & ICWT 30m<sup>3</sup>)

Beside these systems, we will offer our visitors 'Bavarian Hospitality' in a traditional Alpine Hut. Please visit us at the BAUMA Exhibition between 19-25 April 2010, Outside Exhibition Area 902/3

## New Service Technicians

Since 1986 KTI installed more than 2000 cooling plants worldwide. To guarantee KTI clients a reliable operation of each plant, KTI employs a highly qualified team of engineers and service technicians. True to this philosophy KTI recruited 5 additional service technicians for the growing markets in Saudi-Arabia, Qatar and the United Arab Emirates.

## New Corporate Video
